For Treasurer and Assessor Successively.

GOOD MEN NOMINATED FOR TRUSTEES AND FOR MEMBERS OF THE BOARD OF EDUCATION.

THE PLATFORM AND WORK OF THE CONVENTION.

As per the call published in the GAZETTE, the various delegates appointed by the Executive Committee of the Non-Partisans, convened at Odd Fellows Hall on Saturday evening last at 8 o'clock.

The hall was crowded to the doors with citizens of Berkeley, all of whom showed by their presence that they were greatly interested in what the convention was about to do and all of them hoped that the best of nominees would be placed in the field, and in this they were not disappointed as in all respects a first-class ticket was nominated.

It was 8:30 o'clock before the convention was called to order and a temporary organization effected with M. L. Tisdale as temporary chairman, Mr. Alburtis temporary secretary W. K. Wier temporary treasurer and Chas. Walberg and James Kenny as sergeant-at-arms.

It was then moved and seconded that one delegate from each ward be selected as a Committee on Credentials, and the committee was so appointed.

A similar motion prevailed in reference to a Committee on Order of Business.

The Committee on Platform was appointed in a similar manner.

A recess was then taken for half an hour in order to allow the different committees to report.

The Committee on Permanent Organization was the first to make its report and it recommended that the temporary officers be made the permanent officers of the convention. The report was adopted as read.

The Committee on Order of Business made their report as follows:

That each delegate be assessed 25 cents, and the candidates for Marshal \$10 each, and for Treasurer and Clerk \$5 each, that the nominations should be made in the following order: The Trustees from the different wards, selected by wards and ratified by the Convention; second, the nomination of School Directors in the same manner as the Trustees; third, the nomination of Marshal; fourth the nomination of town clerk; fifth, the nomination of Assessor; sixth, the nomination of Treasurer. The report was adopted.

After some little delay the Committee on Platform made other reports which in substance is that the nominees of the convention are pledged to an economical government, never losing sight of the fact that the city must be graded, macadamized and sewered, having a care at the same time that the poor must not be oppressed; that especial attention be paid to the public schools, and that their present crowded condition be looked into and remedied as soon as possible; that a better system of police protection and better facilities for the fire department be provided; that eight hours constitute a day's work in all public work, and that no contract be let for street work or sewers that does not contain the clause that said contractors shall employ all labor from among the people of Berkeley, except in case such labor cannot be procured in said Town of Berkeley. Also that the Board of Trustees do everything in their power to assist and bring the San Joaquin Valley Railroad into Berkeley. The report was received with applause and was unanimously adopted.

The Chair then announced that the Chairman of each delegation collect the assessment levied upon the delegates.

As soon as this was accomplished and the money turned over to the Treasurer, the Chair announced that he was ready to hear nominations for Trustees from the first ward. The chairman of the delegation announced as the choice of the ward John Finn, of North Berkeley.

When the second ward was called there was some discussion in reference to the delegates, as part of them resided in the third ward.

The chair announced that as the convention had adopted the report of the Committee on Credentials, the second ward as seated had the right to vote. The chairman then announced the name of Professor Carey Jones as the choice of ward two.

When ward three was called the name of J. W. Richards was given as the unanimous choice of the ward.

In ward four the chairman stated that Matthew Lee was the choice of the ward.

In the fifth ward the chairman announced John Martin as the choice.

In the sixth ward there was a close shave between Byron Underwood and Captain Cleaves, but Underwood won by one vote and was declared the choice.

In the seventh ward M. J. Acton, the present incumbent, was nominated by acclamation.

The Convention then ratified the nominees as made by the delegates from the different wards and they were declared by the chairman to be the nominees for trustees of the Non-Partisan convention.

In the matter of school directors the same method was adopted and the following nominations were made:

First ward, George M. Robertson; second ward, W. A. Beaty; third ward, Dr. H. N. Miner; fourth ward, A. R. Frame; fifth ward, George A. Norton; sixth ward, Ed. F. Niehaus; seventh ward, Chris Engebretsen. The convention ratified these names and then proceeded to the nomination of Marshal.

J. W. Striker and R. H. Lloyd were placed in nomination and after defining their position balloting was commenced, which resulted in the nomination of Mr. Striker by a vote of 72 to 54.

The Chair announced that the next business in order was the nomination for Clerk, and the names of C. S. Preble, Chas. W. Gompertz, M. L. Hanscom and William W. Mulholland were placed in nomination. The first ballot resulted in no choice as did also the second ballot. It was then moved that the two lowest men be dropped. This left a clear field for Hanscom and Gompertz and the nomination was won by the latter and he was declared the nominee for Clerk.

For Treasurer, on motion the Secretary was instructed to cast the ballot for Mr. John Squires. The Secretary was also instructed to cast the ballot of the convention for I. W. Wells for Assessor.

It was then moved and seconded that the Chairman select the names of the Executive Committee and give it to the press today.

On motion the Secretary and the Sergeant-at-Arms were allowed \$5 each for their services.

There being no further business before the convention it adjourned sine die.

William J. [Name obscured] President of the Oakland [Name obscured] Company, was fined by Judge [Name obscured] on Saturday last, \$50 for a technical violation of the law in not rendering a statement showing the cost of construction of the plant. The defense was that the works were as yet incomplete and the demand could not be complied with.

All Fools Day.

April 1st of every year is, by common consent, as well as long usage, the one day upon which foolish jokes may be played by the smart people of the age. Sometimes they are altogether too practical and lead to serious results. When done in a rational way they are enjoyed by all except the one upon whom the laugh falls.

The usual number of packages are to be seen upon the sidewalks today, as well as dilapidated beaver hats, with a brick under them, which one so delights to kick and gets his foot hurt for his malice. Other tricks are fully as mean to the general mind. For instance, when a young man tells a young lady that he wants to steal a kiss some time. This is sufficient to put her on guard. Nature will always break the defense. The moment he makes the attempt she holds up her hand to keep him off but places her lips in position for the osculation, and he, finding the ripe cherry within his reach, suddenly draws away and says "April Fool." There may be other chances in life for the young man, but he had better never try that field again.

A Good Word.

A man, placed in a public position, may serve faithfully for years and yet public attention may seldom be called to him, for it is believed he is only performing the duty assigned in a faithful manner, and that it would be done in that way is the strongest reason why he was selected to fill the position. Let that man make even an apparent mistake and see how quick the world, which revolves about him, is ready, to all intents and purposes, to kill him. Reflections of this kind were called up on passing Pasqual Ysunza this morning as our reporter was in quest of news. His natural modesty will cause him to blush at the mention of his name in connection with these reveries. Well, he is a good man, and attends strictly to his duty, and this endorsement may cause others to follow the example set by him.

Mr. A. C. Pryal, the horticulturist, has originated a new lilac, the flowers of which are a different shade of purple from the common variety, the blossoms smaller and borne upon the stems in a manner a little different. It is very fragrant. Mr. Pryal has named this lilac the Mrs. Dingee.

Court Commissioner George Babcock has established his office at the northwest corner of Eighth and Broadway, where parties litigant in divorce cases in which order of reference is made will find him ready to listen to their tales of woe.

Professor Hilgard is in Southern California this week attending the Farmers' Institutes at Riverside and Claremont and Perris. On his return he will inspect the experiment stations at Chino, Santa Monica and Tulare.

Against Delinquent Candidates.

The District Attorney is preparing to proceed against a large number of candidates at the last municipal election who have failed to file statements of their expenditures during the campaign as required by the purity of election law. Assistant District Attorney Moore was engaged yesterday in examining the records in order to ascertain who were not represented among the list of candidates who had filed their statements.

The investigation is believed to be preliminary to the commencement of actions against the delinquent candidates.

Hayward's New Cannery.

Hunt Bros. of Santa Rosa have made arrangements to put a cannery in operation right away at Haywards station. It is what the fruit growers in that section of the county have wanted for a long time. Now that arrangements have been concluded Haywards people feel quite happy over the event. The Fruit Growers' Association will assist the enterprise by placing their buildings at the station in the hands of Hunt Bros., to be used in the cannery business.

Electricity vs. Steam.

The electric railroad company doing business between Oakland and Haywards has come to the conclusion that they will do a freight as well as passenger business and have had cars built to take loaded wagons along the route and land them in San Francisco. The new business commences today.

The Southern Pacific Company considering that the electric company was trespassing upon their right will commence today and run nearly hourly trains between Oakland and Haywards.

Detective Lees of San Francisco feels very confident that the robber who shot Sheriff Bogard near Marysville on Friday is the same person who killed Cornelius Staggs.

The "Illustrated History of the University of California," edited by Professor W. C. Jones and published by F. Duke-Smith, will be issued on April 1st.

In the race on Saturday between the crews of Oxford and Cambridge Universities the former won easily.

First class fare by the ocean route to Portland, Oregon, has been reduced from \$16 to \$12.

The new City Council of Oakland will come into power with Mayor Davie in the big seat.

L. A. Mitchell has been appointed License Inspector of Oakland by Mayor Davie.

THE TICKET.

The Non-partisans at their convention on Saturday evening last nominated an excellent ticket, one that we believe that the voters of Berkeley can endorse and elect. The convention was composed of representative citizens from the various portions of the town, and they have selected a strong ticket. We believe that when the Independent Taxpayers meet that they will endorse the whole ticket as nominated by the Non-Partisans. Should they not do so and nominate another ticket equally as good then the people of Berkeley will not be harmed no matter which set of officers get in.

Berkeley must now forge ahead and take the place that properly belongs to it. It has too long taken a back seat and been in the hands of silurians. It must wake up and have the Valley Road come through its limits, and it must also compel the Southern Pacific to put Berkeley upon its time cards and sell tickets from all points direct to Berkeley, instead of to Sixteenth street, Oakland. There are many other important items that must be looked after, and the new Board of Trustees will be expected to perform the duty.

ROBBERIES.

It appears that the age of robberies is upon us. They occur in high and low places. Are committed even by the wealthy as well as the poor, by female as well as by male. In every variety of way is the person of today likely to be robbed of all his possessions and perhaps if any attempt is made to protect what amount may have been accumulated by hard toil, his life goes with all of that he has called riches.

It seems that the minds of a vast number of people in the United States are self-educated to the idea that money must be had at any cost. It is not all for the common expense of living but to be used in luxuries of living, dress and debauchery. It is not confined to one sex either. Both are equally guilty. It was on our tongue's end to say all three instead of both for many things go to show that there are people in this world who should not be classed with either the male or female sex.

Money or its equivalent, personal and real property, does not constitute all a person can have stolen from him. There is a jewel of still greater value and that is character. Shakespeare well expresses it in saying that "he who steals my purse steals trash but he who filches me of my good name etc."

Having set forth in a short way that the present age is one of robbery it may be appropriate to first ask the question "how are we going to pre-

vent it? Anybody can ask questions and in fact anybody can answer them. But does the answer given to a question always make itself satisfactory to the enquirer. The only way the answer can be made to suit is to give one which coincides with his ideas. Taking this view of the case our reply can be only one that fits the crime according to our ideas.

The crime should be punished as it was in California say forty years ago. That was an immediate forfeiture of life on proof of guilt. If it was known to all criminals that stealing would be punished as suggested the newspapers of the day would be without many a column of that kind of literature. The idea was suggested to have a law of this kind passed by the last Legislature but it was found that there were too many thieves in that body to ever get a bill through of that kind.

A NEWSPAPER man, who evidently believes in telling things just as they are, says: "Do not swear. There is no occasion to swear outside of a printing office. It is useful in proof-reading; it is indispensable in getting forms to press, and has been known to assist in looking over the paper after it is printed, but otherwise it is a very disgusting habit."

Quite a number of Berkeleyans visited Vallejo, Benicia, Post Costa and Martinez yesterday for an outing. The day was a pleasant one and they returned with hands and arms full of flowers, wild and cultivated.

Miss Lizzie Jensen spent the Sabbath with her father, who is at Mission San Jose.

Nonpartisan Executive Committee.

The Executive Committee selected by Chairman Tisdale of the Nonpartisans for the coming year is: Ward One, Charles F. Herlitz; Ward Two, E. L. Fitzgerald; Ward Three, L. Jarete; Ward Four, S. H. Kerrison; Ward Five, Dr. H. N. Rowell; Ward Six, Thos. Dowd; Ward Seven, W. J. Curtis.

The old and new executive committees will meet tomorrow (Tuesday) evening in Judge E. H. Shaw's rooms on Shattuck avenue between Center and Addison at 7:30 o'clock.

Another one of Berkeley's beautiful days come to hand yesterday and people from San Francisco came over in crowds, arriving on the local steam cars as well as by the electric lines. Getting on the street they scattered in all directions. Many going through the University grounds and thence to the hills farther eastward. Grizzly peak had many visitors. The exercise taken in getting to that point made it still more enjoyable. Here and there on the various hills could be seen small picnic parties with the children running around and gathering wild flowers.

The Hayward Review, with A. V. Morgan's name flying at the head of the editorial column as editor and proprietor, is just at hand. It is an old adage "that a new broom sweeps clean." This is no reflection on brother Connor, its former editor and proprietor. The difference happens to be between a person worn down by long-time service as an all-round man in the newspaper business, and one who comes in fresh to take a hand at the bellows. While one was of the rose the other is of the lily. Take your choice. The compliments are well merited.

The "History of the University," together with a sketch of Berkeley, written by Professor William Carey Jones, which was in preparation during last year, will be issued this week and will be in typographical appearance the finest work ever issued upon the Coast. It will be illustrated profusely with half-tone engravings, printed upon the heaviest plate paper.

As the Sacramento train, due in San Francisco at 11:45, approached Addison street in West Berkeley today a sudden disarrangement in the machinery about the engine took place. It was temporarily repaired after about five minutes detention and the train moved on towards the mole.

Among the engagements announced there appears the names of Miss Roberta Lloyd, daughter of Mr. and Mrs. L. M. Lloyd and Rev. Hugh Dobbins, both of this place. The wedding will take place on the 11th of April, 1895 at the First Presbyterian Church in Berkeley.

It would be good financial policy for the Boards of Trustees and Education to take advantage of the present insurance war of rates and save the town some money.

The Coroner's jury, in the Beynon case at the Red House found a verdict that he came to his death from a pistol wound inflicted by Robert F. Simpson.

Trustee Stubenrauch took a trip yesterday up to his new ranch, which is situated about three miles west of Napa city.

A Charge of Perjury.

Charles Rodgers, a West Berkeley youth, is about to be caused some inconvenience because he married Minnie Vincent of Decoto. A few days ago he procured a license to wed the girl and swore to an affidavit which gave the young lady's age as 18 years. Frank Lewis, a cousin of Miss Vincent, heard of the affair and went to the County Clerk's office in rage. He avowed that his relative was not of legal age by three years. He went away threatening revenge. Yesterday Lewis swore to a complaint charging Rodgers with perjury. The latter is said to be living happily with his young wife in the suburbs. Love's young dream will be rudely disturbed by a burly Constable today.

Successful Berkeley Enterprises.

The El Dorado Oil Works are shipping the soap, manufactured from coals received from the South Sea Islands, in carload lots to all orders from the East.

There are two of these factories now in Berkeley, which give employment to a number of men. The business has been a growing one from the start. (All such enterprises are a credit to the town and the GAZETTE is glad to make note of it.)

The supply of raw material is brought here by steamers. Present appearances go to show that these supplies must be greatly increased for the manufacturers to keep up anywhere near to their orders.

REAL ESTATE TRANSFERS.

Charles A. and Alice C. Bailey to J. J. Dunn, lots 1, 2 and 3 and north 10 feet of lot 4, subdivision of block 5, Antisell tract.

Charles A. and Elizabeth F. Winslow to J. J. Dunn quit claim deed to above described property.

D. F. and Alice M. McDonald to J. J. Dunn quit claim deed to above described property.

J. J. Dunn to John Squires property as above described.

Charles E. and Nancy U. Davison to Walter J. Phillips lot 2, block C, Berkeley Homestead Association.

Rather Speedy.

Engine 1200 passed Delaware street this morning at about 9:15 o'clock with two cars attached at a speed which caused bits of paper lying within ten feet of the track to fly high in the air. It is supposed that all trains slow down going through West Berkeley. If this train was going slow when observed it would not take more than 20 minutes to go to Vallejo junction.
